WE SUPPORT THOSE ON THE CANCER JOURNEY

We believe there is more to cancer care than medicine; by addressing mind, body, spirit and community we can improve the quality of life for individuals and their loved ones while on the cancer journey.

MIND

Support & Education

Navigating through a cancer journey is challenging. TGP offers programs and services to help individuals and their loved ones explore emotions and enhance/learn new coping skills as well as provide education through lectures, workshops, and retreats

BODY

Fitness and Nutrition

From the time of diagnosis until treatment ends, physical activity and good nutrition helps boost the immune system, rebuild muscle and provides a sense of empowerment throughout the cancer journey.

SPIRIT

Healing Arts

Art, Music & Meditation have been shown to reduce pain and anxiety for those diagnosed with cancer. We encourage participants to incorporate the arts into their care for healing to take place on all levels.

COMMUNITY

No one should make the cancer journey alone

TGP's programs and services work to break down the isolation and lower the stresses that come with a cancer diagnosis.

Our Mission:

The Gathering Place is a caring community that supports, educates, and empowers individuals and families currently coping with the impact of cancer through programs and services provided free of charge.
